The Reinventing Space Conference

Organised by the British Interplanetary Society each year, the conference brings together innovators from industry, agency, government, finance, academia and end users, to network, present papers and discuss the key challenges and opportunities for future space leadership and growth.

As a forum for new and innovative ideas and developments in astronautics, low-cost access and utilisation of space, the Reinventing Space conference brings together all stakeholders, presenting papers that encourage and promote forward-thinking ideas and concepts for the future exploration and utilisation of space. Reinventing Space connects these critical topics with key emerging themes and people, both from within and outside the space sector. The conference is a second-to-none networking opportunity to meet the innovators and organisations vital for the future direction of space. Attendance at RISpace allows you to play an important role in discussing and seeding the ideas that will help to shape and accelerate the future outlook and ambitions of the global space sector.

2025 Conference – Programme outline

The theme for the 22nd Reinventing Space conference is:

The Rapidly Changing Context of Global Space

and will focus on the challenges and emerging issues presented by the increase in commercially funded activities, advances in technology, and the recent rapid changes in international relationships:

“We are facing a number of significant and rapidly accelerating changes that point towards an unprecedented shift in how we operate and collaborate in the international space arena. In particular, the compounding of three influential factors will change the operating context for all of us; The near-exponential drop in the cost of access to space; the integration of AI and automation into our upstream and downstream activities; and the effect of the changing geopolitics of space.”

Technological, geopolitical and economic forces are all in play and this is a chance to talk about them collectively: what capabilities we should be investing in and how to reframe our priorities to remain relevant in this new era. The conference will encourage critical discussion and the assessment of the key assumptions and bold new ideas as we review our current activities and ask the question: ...have we got it right?

The 22nd Reinventing Space conference and exhibition will be held at The Royal Aeronautical Society in London from Monday 27 to Wednesday 29 October 2025

This year's conference runs across three consecutive days, with the option to attend any or all days. Each day will consist of a combination of talks from selected presenters as well as dedicated panel sessions and invited Keynote talks aligned with each day's theme:

- Day 1** Monday 27 October: **The rapidly changing context of global space**
 - Day 2** Tuesday 28 October: **The rapidly changing context of global space**
Gala dinner which will include the Sir Arthur Clarke Awards.
 - Day 3** Wednesday 29 October: **The rapidly changing context of global space**
- Visit www.bis-space.com/reinventingspace to see the latest programme**

Reinventing Space 2025 returns to London

With its clear track record of exponential growth over the past decade and its obvious future potential, the UK Space Sector is set to lead the way. Small and innovative companies across the UK have been establishing a presence in the sector and demonstrating their own potential.

The UK is a world leader in the satellite business, with strength in both large and small satellites. Several companies and universities in London and the home counties are already to the fore in providing space systems, components, scientific experiments and Space and launch services.

RI Space 2025 will be run on two floors of the impressive headquarters of the Royal Aeronautical Society at 4 Hamilton Place in London's West End.

All talks and lectures will be in the 250-seat state-of-the-art Bill Boeing Lecture Theatre on the ground floor while the exhibitor stalls will be in the Argyll Room on the first floor, alongside the catering area. The conference room is equipped with the very latest audio-visual system.

An optional networking reception will be held on the Tuesday evening to allow conference delegates extra time to connect. A parallel Student/Careers Day will also take place on the Wednesday run by the BIS NextGen Network and UKSEDS, to support and encourage our future generation of Space professionals.

The second day of the conference will conclude on the Tuesday with the Gala Dinner in the evening (optional), which will include the Sir Arthur Clarke Awards.

This prestigious awards ceremony recognises and rewards teams and individuals who have made significant achievements in, and contributions to, all space activities in 2024.

Don't miss this special opportunity to meet and support our well-deserved award finalists.

Organised by the British Interplanetary Society

The British Interplanetary Society, celebrated its 90th year in 2023. As the world's longest established space advocacy organisation, it continues to promote the exploration and use of space for the benefit of humanity, by connecting people to create, educate and inspire and advance knowledge in all aspects of astronautics. It initiates and disseminates new concepts and technical information about space flight and astronautics.

Proceeds from the Reinventing Space conference and exhibition will enable the Society to carry out its mission, to bring the space sector closer together to advance knowledge and engage in new initiatives across an international space community.

No. 4 Hamilton Place

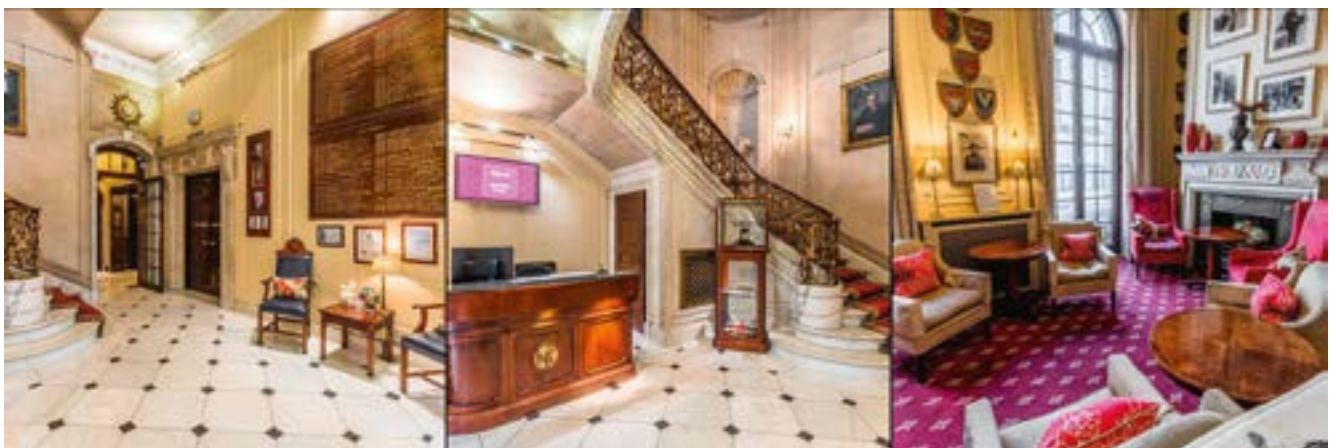

**ROYAL
AERONAUTICAL
SOCIETY**

The Royal Aeronautical Society is the leading professional organisation for the aerospace, aviation and space sectors. Founded in 1866, the Society has consistently driven progress in aeronautical art, science, and engineering worldwide. It provides its global network of members with professional recognition for their accomplishments and expertise, along with opportunities for learning and development through sharing knowledge resources, events and access to the National Aerospace Library. Find out more at www.aerosociety.com.

No. 4 Hamilton Place is a stunning Grade II listed Edwardian town house in central Mayfair, perfect for both corporate and private events in London, located minutes away from Hyde Park and Green Park.

This versatile events venue brings together fine Edwardian features which provide a unique backdrop to any occasion as well as a stunning roof terrace with views over Hyde Park.

The venue team at No.4 Hamilton Place understands how important it is to not only provide a beautiful space in which organisers can host their event, but also deliver high-end Audio and Video facilities and upmarket catering. If you are looking for a historic London venue with all the modern convenience of a purpose-built space, then you have come to the right place. Find out more at www.4hp.co.uk

Reinventing Space – The mission

The annual RISpace conference began in Los Angeles in 2003 to look at ‘responsive space’. This originally focused on the US military needs in adapting space capabilities to the rapidly changing national security requirements. As the conference has developed it has refocused on all aspects of low-cost access to, and utilisation of space – from launchers to CubeSats; from improved optics for Earth Observation to ion drives for long-distance propulsion.

Advances in technology continue to drive the international space effort in civil, military and commercial space. RISpace sessions and panels look at finding ways to work together to make things happen and involve a broad cross-section of experts from the space community to advise and challenge the topics brought into focus at every conference. Attendees, authors and keynote speakers come from many different spheres:

- Decision-makers from space agencies and national space programmes
- Space innovators and visionaries
- CEOs and leading executives
- Government, law and regulatory representatives
- Students and young professionals
- Engineers and scientists from cutting-edge companies
- Academics from all space disciplines
- Space financiers, entrepreneurs, seed funders and crowdfunders
- Satellite owners and satellite operators
- Commercial and New Space industry representatives
- Leaders from military and civilian space
- Members of the general public with an interest in the future direction of space

Reinventing Space 2025 - Registration

Registration is open for RISpace 2025 at www.bis-space.com/reinventingspace

You can purchase tickets online using the website address above. Your ticket will be emailed directly to you after purchase.

Alternatively, if you wish to be invoiced rather than paying online, either for your attendance at Reinventing Space, or for any of the packages outlined in this brochure, please email to RISpace@bis-space.com clearly stating the days on which you wish to attend.

Non-Members	Early Bird Rate			Standard Rate		
	Student	Over 65	Standard	Student	Over 65	Standard
1 Day Ticket	£20	£180	£225	£25	£200	£250
3 Day Ticket	£60	£395	£495	£75	£440	£550
Networking Reception	Free	Free	Free	Free	Free	Free
Gala Dinner	£110	£110	£110	£120	£120	£120

BIS Members	Early Bird Rate			Standard Rate		
	Student	Over 65	Standard	Student	Over 65	Standard
1 Day Ticket	£15	£135	£170	£20	£150	£190
3 Day Ticket	£50	£295	£375	£55	£330	£415
Networking Reception	Free	Free	Free	Free	Free	Free
Gala Dinner	£80	£80	£80	£90	£90	£90

Delegate tickets are zero rated for VAT. Gala Dinner tickets are subject to VAT at the standard rate of 20%. Entry for confirmed conference speakers is free on the day they are presenting. Speakers wishing to attend other days of the conference will need to purchase the required one-day tickets.

If you are not a member of the BIS, now is the perfect time to consider joining, as tickets are heavily offset by the BIS membership discount.

Go to www.bis-space.com/membership/ for membership prices and information.

NextGen Student/Careers Day

On Wednesday 29 October a separate Student Careers Conference will be run by the BIS' NextGen Network and UKSEDS in parallel with the Reinventing Space Conference. This will include talks by speakers from the main conference, a careers panel and a speed mentoring session. The charge of £25 per student per day will cover the cost of the coffee/tea breaks and lunch. Students already attending the Reinventing Space Conference can join the parallel Student/Careers Conference at no extra charge.

Conference Sponsorship and/or Exhibitor Opportunities

The Reinventing Space conference and exhibition are an exceptional opportunity to increase the Space sector's awareness of your business. This section outlines the various packages available for a higher level of engagement and promotion of your organisation each day of the conference.

Take advantage of our excellent sponsor or exhibitor options – prices as advised. Packages are available to purchase through the RISpace 2025 conference website at www.bis-space.com/reinventingspace

or to discuss any specific packages, please get in touch by contacting the RISpace 2025 team directly at RISpace@bis-space.com

What I liked about ReinventingSpace:

“The diversity and quality of presentations delivered. There was also ample opportunity to network among the delegates/attendees.”

Exhibitor packages

The Reinventing Space Exhibition is integrated within the conference. At lunch, morning coffee and afternoon tea breaks, delegates will move into the exhibition area for food and refreshments. Our Exhibition Packages also include a varying number of delegate passes which allow entry into the main conference. This will help to make exhibiting financially neutral for your organisation.

Exhibitor Package

£950 + VAT

Exhibition space is limited and will be allocated strictly on a first come, first served basis.

The Exhibitor Package includes:

- ✦ One 3m x 2m exhibition space in the Exhibition area
- ✦ One table, two chairs and an electric power socket
- ✦ Overnight hold between the days of the conference
- ✦ Exhibitor listing on the RISpace website (logo, company name and 100-word description required).
- ✦ Delegate ticket(s) to the conference (see details below)
- ✦ 1 Standard Three-Day Delegate Ticket + 1 Three-Day Exhibitor pass

Additional Exhibitor Passes (per day)

£50 + VAT

Exhibitor Pass (Allows access to the Exhibitors' Hall and includes lunch/coffee/tea)

- Exhibitor Package (above) required in order to purchase additional passes
- Note: this does not allow access to the Main Conference, only the exhibition area
- Maximum of 5 additional exhibitor passes allowed to be purchased per organisation

Sponsorship Opportunities

Showcase your organisation at Reinventing Space 2025 by purchasing one of our conference sponsorship packages. A range of options are available providing varying levels of engagement to match your interests and budget. Sponsorship packages can be purchased directly through the RISpace conference webpage at www.bis-space.com/reinventingspace. Specific packages can be discussed by contacting the RISpace 2025 team direct at RISpace@bis-space.com.

Sponsorable Items

Extend your brand awareness by purchasing additional sponsorable items to give your organisation substantial recognition during the lead-up to and throughout the conference.

Lanyard/Badge Sponsorship

£2,000* + VAT

This is a single sponsorship opportunity. If taken by another sponsor, this item becomes unavailable:

- + Logo added to each lanyard given to all delegates
- + Logo on all RISpace conference roll-up banners

** £1,500 + VAT if sponsor provides own lanyards. Material to be provided by Sponsor 2 weeks ahead.*

NextGen Student/Careers Day Sponsorship

£3,000 + VAT

If you are looking to support STEM Outreach and careers, sponsor the student/careers day run in parallel with the conference on Wednesday 29 October. Help to connect and inspire the next generation. Your sponsorship will ensure that the day is affordable for all students and will enable them to network with conference delegates and hear of career opportunities from a panel of Space Professionals.

- + A 5-minute speaking opportunity during the day at a time of your choosing
- + Logo on all RISpace conference roll-up banners
- + Logo on RISpace website and sponsorship acknowledged in all conference materials

Conference Tote Bag Sponsorship

£1,500 + VAT

This is a single sponsorship opportunity. If taken by another sponsor, this item becomes unavailable:

- + Logo on conference tote bags to be given to all delegates*
- + Logo on all RISpace conference roll-up banners

** Logo must be provided to the conference organisers 2 weeks before the opening date of RISpace*

Networking Break Sponsorship (per day)

£1,000 + VAT

There will be an hour-long lunch break and 2 coffee break/networking sessions (am and pm) on each of the 3 days*.

- + Three-minute speaking opportunity in catering area before lunch
- + One-minute speaking opportunity in catering area before networking begins
- + Up to three roll-up graphics during a lunch/break
- + Logo on all RISpace conference roll-up banners
- + Logo on the RISpace website, and sponsorship acknowledged in all conference materials

** Choice of day will be on a first come first served basis. Multiple slots may be purchased. Own roll-up banners to be supplied by sponsor.*

Items for Inclusion in Conference Bag (per item)

£160 + VAT

An economical entry-level RISpace sponsorship.

- + Your promotional material e.g. flyer/notepad (A4 or less), pen etc. to be placed in the conference bag
- + Number of physical items to be agreed (flyers etc.)
- + Sponsor to supply items (two weeks ahead of the conference)

Networking Drinks Reception Sponsorship

£4,000 + VAT

At the conclusion of the second day of the Conference, all delegates will be invited to move up to the Argyll Room for tea and coffee. The Drinks Reception will begin as the Gala Dinner guests arrive. This will be a highly valued opportunity for delegates, sponsors, exhibitors and British Interplanetary Society members to meet and network freely. This is an exclusive and high-profile opportunity to promote your organisation and to link it to the Reinventing Space Conference Gala Dinner and the prestigious Sir Arthur Clarke Awards.

This is a single Sponsor opportunity. The Networking Drinks Reception Sponsor Package includes:

- ✦ A 5-minute speaking opportunity during the Reception
- ✦ Up to three company roll-up graphics in or at the entrance to the Argyll Room (Own roll-up banners to be supplied by sponsor)
- ✦ Company logo on all conference graphic displays
- ✦ Company logo on the RISpace website and sponsorship acknowledged in all Conference material
- ✦ 2 tickets to the Gala Dinner

Gala Dinner Sponsorship

£5,000 + VAT

The Gala Dinner to be held in the Bill Boeing Suite will be a prestige event. It will include the presentation of the 2024 Sir Arthur Clarke Awards.

This is a single sponsorship opportunity.

The Gala Dinner Sponsor Package includes:

- ✦ A 5-minute speaking opportunity at the start of the Dinner
- ✦ Up to three roll-up graphics in the Dining Room
- ✦ Company logo on all conference roll-up banners
- ✦ Company logo on the RISpace website and sponsorship acknowledged in all conference material
- ✦ A table for 8 dinner guests

The Sir Arthur Clarke Awards recognise and reward those individuals and teams based in the UK that have made notable or outstanding achievements in, or contributions to space activities in the past calendar year. The Lifetime and International Awards are open to all. Better known as 'The Arthurs', they have been presented annually since 2005.

The British Interplanetary Society (BIS) organises and manages the Awards in conjunction with the Arthur C. Clarke Foundation Board, which selects the finalists and the winner of the International Award. The BIS welcomes nominations for these prestigious Awards.

The winners are announced and the awards presented annually at a Gala Dinner hosted by the British Interplanetary Society, to which the three finalists in each of up to ten award categories are invited to attend.

To see a list of all of the past winners go to www.bis-space.com/arthurs/

This is a single opportunity to sponsor the 2024 Sir Arthur Clarke Awards. The Sir Arthur Clarke Awards Category Sponsor Package includes:

- ✦ A 5-minute speaking opportunity at the start of the Award ceremony
- ✦ Company logo on all conference graphics
- ✦ Company logo on the RISpace website and sponsorship acknowledged in conference material
- ✦ A table for 8 Dinner guests
